Empower your
recruitment with
Artificial
Intelligence

Why Talenteria?

Gain a competitive edge in recruitment with Talenteria AI hiring software.

Empower your recruitment with AI
Integrated with OpenAI / ChatGPT recruitment chatbot, resume screening, generating content, and AI-conducted interviews.

Reduce time and cost of hire
Save on talent acquisition costs without sacrificing the quality of hire with an AI virtual recruiter.

Create an outstanding candidate experience
Build a smooth candidate journey and ensure the efficiency of each candidate touchpoint.

Eliminate bias
Remove unconscious bias from the candidate selection process, promoting diversity and inclusion by focusing solely on qualifications and skills.

AI Resume Screening

- AI screening based on candidate experience, qualifications, education and custom criteria
- Parsing resumes in various formats and 12 languages
- Automated actions based on AI screening results

Recruitment Chatbot

- Integration with OpenAI / ChatGPT for human-style conversation
- Answers candidate questions, recommends jobs and schedules interviews
- Speaks 12 languages
